Normandy Catering has been delighting our clients with the highest quality dining experience for 45 years.

Using the freshest ingredients available, with no prepared foods or convenience items, our skilled chefs create meals that are both delectable and healthy. For example, our chicken is all-natural raised with no hormones or steroids, and containing no additives or byproducts. The beef we serve is Certified Angus Beef or better. We support our community by sourcing our breads from Orlando Baking Company in Cleveland, and procuring our produce from local farmers, where possible. Speak with our expert Sales Consultant to design a menu that will best meet your unique needs.
